

PARTICIPATING RECYCLING CENTERS

When dropping your collected cans off at any of our partner recyclers, please be sure to tell them that they're for Habitat for Humanity Kansas City. They should credit the cans to our account and give you a receipt for the amount of your drop. Each recycler sets their own price for aluminum, so prices may vary greatly and you may want to call to check prices ahead of time.

Please send an email to mcaruso@habitatkc.org to let us know when/where you made your drop and how much it was worth. This will help us credit your contributions. THANK YOU for recycling for Habitat KC!
